

## Helpful Hints

### Porcellana for Portable Rail Saw

- Do not force the blade to cut; allow the diamonds time to cut through the material. Slower cutting helps eliminate chipping on the cut edge.
- For thick materials (3cm or 1-1/4"), step-cutting is highly recommended.
- Wet cutting is required.
- Take appropriate steps to assure personal safety when performing any cutting application.
- Review operations manual of the power tool to assure proper usage.
