OF THE ALPHA[®] AIR-300*

Stone

AIR-300: Designed for unique applications that are difficult to accomplish using conventional polishers. It fits comfortably in your hand and only weighs 1.6 lbs reducing fatigue from long hours of polishing!

CERAMICA DRY: Polish all natural stones to a high quality shine without water. The grit sequence is specifically formulated to provide the best possible finish.

TURBOSHINE: Polishing system for seamless countertop installations and scratch removals for natural and engineered stones!

Concrete

ECOGUARD TYPE C: Hybrid dust collection cover is for use when cutting with dry blades, does not require a vacuum!

HEPA Dry Vacuum: Heavy-duty Vacuum has a 2-hp motor and an extra large capacity HEPA filter system, excellent for cleaning up lead, asbestos and other toxic dust!

ECOGRINDER: Watch the Alpha[®] Ecogrinder in action, a high-performance grinder with a built-in vacuum system...virtually dust-free grinding solution!
