

# SICIS

THE ART MOSAIC FACTORY

## Art Glass Panel Fabrication and Installation

Attendees will experience a two-day advanced training program where they will gain the knowledge, ability, and confidence to understand, handle, fabricate, and install very large art glass panels to create custom installations on walls in interior wet and dry areas using a direct bond adhesive method following manufacturer instructions. This experience can open a potential revenue stream for contractors.

Attendees who successfully complete all course requirements from the two-day program will receive a **Certificate of Course Completion** from National Tile Contractors Association and considered for manufacturer certification and referrals.

- This program is **FREE** to attend. Attendees must provide their own travel and lodging.
- Well-experienced installers are encouraged to attend. **Contact [mark@tile-assn.com](mailto:mark@tile-assn.com) to register.**
- NTCA Five-Star Contractor Members have preferred registration and can register themselves by logging in to their member account. Contact Tricia Moss at [tricia@tile-assn.com](mailto:tricia@tile-assn.com) for assistance.
