

## Twincur ES Perfect for Engineered Stone

Alpha Professional Tools<sup>®</sup> recognizes that the continued growth of the engineered stone market requires new abrasives and offers a product called Twincur ES, specifically developed to polish the straight edges and bevels of engineered stone with automated edge polishing machinery. Twincur

ES comes with the 5" snail lock adapter commonly used on single and multiple- head machines. Now Alpha<sup>®</sup> introduces the 6" Polishing Wheel specifically designed for single-head machines. Fabricators of engineered stone will love the ease of operation and the fast, consistent results they can achieve with these abrasives. Twincur ES is designed for high quality performance and will last a very long time. If you work with engineered stone and automated edge polishing equipment, Twincur ES is the ultimate abrasive!
