DIAMOND FLAP WHEELS

RECOMMENDED FOR STONE, GLASS & PORCELAIN

- ✓ Designed for fast removal of material including delicate materials that may get damaged using a metal bond grinding cup wheel
- ✓ Constructed with a combination of diamond and silicon carbide flaps on a reinforced plastic backer pad to offer excellent cost performance
- ✓ The flaps are arranged in a dense overlapping layout to provide long life
- ✓ The flexibility of the diamond flap wheel is advantageous for smoothing curved surfaces

Can be used
WET or DRY
High or Low Speed!
