

ALPHA[®] CERAMICA

THREE-PART SYSTEM

Alpha[®] Ceramica is a Three-Part System for Granite, Marble, Porcelain Ceramic and Engineered Stone/Quartz Surfaces.

Alpha[®] Ceramica is designed for a variety of applications and can be used in the fabrication shop and at the jobsite. A long time standard in the fabrication area, there are no other systems with the same capability for a deep glossy finish.

(● =Highly Recommended / ○ =Recommended)

Flat	○	●	

Exclusive vitrified technology

Ceramica Vitrified Discs

Vitrified bond discs have been a staple of the Alpha[®] Ceramica three-part system for many years. These discs are specifically designed to handle the hard job of removing saw marks and grinding marks in order to prepare the stone for polishing.

Grit	Hook and Loop Color	3"	4"	5"
60	Blue	GP30060V	GP40060V	GP50060V
150	Yellow	GP30150V	GP40150V	GP50150V
300	Orange	GP30300V	GP40300V	GP50300V

Perfect for sink hole rim

Ceramica Metal Discs

Unique metal bond discs are most suitable where extra flexibility and aggressive cutting performance are needed.

- Inner rim at sink hole
- Internal corners
- Detail oriented profile edges such as ogee
- Straight edge and flat surface
- Any curved area of monument

Grit	Hook and Loop Color	3"	4"
60	Blue	FD30060M	FD40060M
150	Yellow	FD30150M	FD40150M
300	Orange	FD30300M	FD40300M

PART 1

PART 2

De facto standard in stone industry

Ceramica Resin Discs

Original resin bond discs still remain the best quality in the market. They are the ultimate resin bond discs for granite applications!

Grit	Hook and Loop Color	3"	4"	5"
150	Yellow	GP30150R	GP40150R	GP50150R
300	Orange	GP30300R	GP40300R	GP50300R
500	Red	GP30500R	GP40500R	GP50500R
1000	Dark Green	GP31000R	GP41000R	GP51000R
2000	Light Green	GP32000R	GP42000R	GP52000R
3000	Brown	GP33000R	GP43000R	GP53000R

One System! All Stones!!!

Ceramica EX Resin Discs

Our latest addition to the Ceramica Three-Part System to polish all stones:

- Granite
- Engineered Stone
- Marble
- Porcelain
- Terrazzo
- Quartz Surface

Grit	Hook and Loop Color	3"	4"	5"
200	Yellow	EX30200R	EX40200R	EX50200R
500	Red	EX30500R	EX40500R	EX50500R
1000	Dark Green	EX31000R	EX41000R	EX51000R
2000	Light Green	EX32000R	EX42000R	EX52000R
3000	Brown	EX33000R	EX43000R	EX53000R

PART 3

Best polish you can get

Ceramica Buff

Our final polishing discs are the key to the difference from a standard polished edge to a deep glossy finish. The utilization of a natural process to bring out the glossy shine is exclusive to these pads. By using this disc in your polishing process, no dangerous chemicals are necessary to achieve this high final polish. Fabricators easily achieve superior results with ease.

"Ceramica Buff is not necessary for engineered stone / quartz surfaces"

Face Color	3"	4"	5"
Black	GP3BLACK	GP4BLACK	GP5BLACK
White	GP3WHITE	GP4WHITE	GP5WHITE
