

Alpha[®] Guide Rail System

Alpha[®] Professional Tools[®] has re-designed its successful Guide Rail System to be more easily utilized and transported! The ultimate accessory for the AWS-110 or AWS-125 Stone Cutters is made of high quality cast aluminum and is designed to be used with the Alpha[®] Universal Carriage Assembly. The sturdy straight edges are available in three (3) lengths and may be purchased individually or as a kit.
