

PRESS RELEASE

Introducing New Kirara Pads for Restoration

Oakland, NJ

March 18, 2016

Alpha Professional Tools® is proud to introduce our Kirara pads, which are designed for the maintenance of marble, limestone and concrete surfaces by using only a maximum of 3 steps. Kirara pads are designed for wet polishing but do not require a lot of water. If the surface is lightly wet, it can be enough to cool the cutting edge for a successful application, without having to use final polishing pads or acidic polishing powders and/or chemicals.

Part No.	Size	Max. RPM	Backing Type	Recommended For	Grit	Color
